NUAA

NANJING UNIVERSITY
OF AERONAUTICS AND
ASTRONAUTICS

SUMMER PROGRAMS 2015

**MAKE THIS YOUR
BEST SUMMER
EVER**

NUAA

Summer Programs 2015

★ *Broaden your perspective in our multiple summer programs.*

★ *Enjoy a fantastic summer in Language, Culture, Innovation and Engineering Training Program.*

This summer, Nanjing University of Aeronautics and Astronautics (NUAA) will open for you to study Chinese language, to learn about Chinese culture and to conduct innovation and Engineering Training. By choosing any of these programs, you can earn credits toward your degree, experience the exquisite Chinese culture and cultivate your ability and creativity in innovation and Training.

Programs Overview

1. Chinese Language & Culture Program (CLCP)

- *Spend your summer studying and living in one of China's most vibrant and exciting cities. Combine language learning with cultural studies and travel to open your mind to a new dimension.*

中文

Course Features:

A Weekend trips to nearby cities and historical sites.

A Regular Nanjing city tours.

Course Contents:

A History, Chinese Martial Arts

A Calligraphy, Cookery, Chinese Folk Music etc

Programs Overview

2. Summer Innovation Program (SIP)

Each year, students at NUAA propose several hundred innovation projects. This year, International students at our summer program will be working on 20 Innovative Projects on Aerospace Engineering, Mechanical Engineering, Electric and Electronic Engineering, Computer Science and Technology, Business Management, Social Science, Culture etc.

- *Course Contents:
Engineering, Business
Management, Social science etc.*

For more information please log on to our website:

*<http://iao.nuaa.edu.cn/Admissions.aspx>
(Innovation Program List will be published on Nov 30, 2014)*

Programs Overview

3. Engineering Training Program (ETP)

Enhance your engineering abilities and creativeness with NUAA's Engineering Training Program.

Choose from one of the courses:

a) Digitized Design and Manufacturing Training

b) Electronic Engineering Training

● *Course Contents a) :*

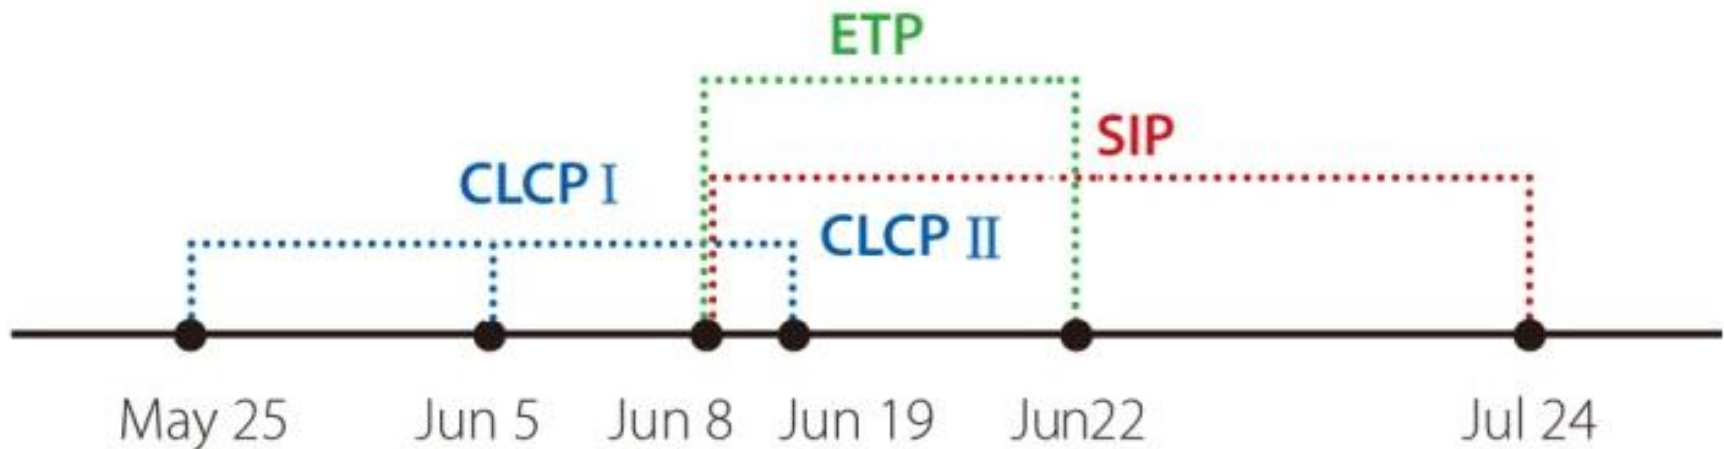

CAD/CAM, Distributed Numerical Control (DNC), CNC machining, Rapid prototyping (RP), Electrical Discharge Machining (EDM), Laser Beam Machining (LBM) etc.

The goal of this training program is to improve the practice ability and cultivate the spirit of innovation among the students.

● *Course Contents b) :*

Design methods of PCB, PCL elevator control, monitoring system based on DSP, smart homes sensors, robots design and autonomous navigation method, Engineering drawing on UG, gesture recognition methods based on kinect etc.

Three Programs

- **1. NUAA Chinese Language and Culture Program (CLCP)**
May 25 - June 5 (2 weeks) or May 25 - June 19 (4 weeks)
- **2. NUAA Summer Innovation Program (SIP)**
June 8 - July 24 (5 or 7 weeks)
- **3. NUAA Engineering Training Program (ETP)**
June 8 - Jun 22, 2015 (2 weeks)

Credits will be given for each of the Courses attended

Program	Time	Duration	Fees
CLCPI (2 Credits)	2 Weeks	May 25 - Jun 5	3000 RMB
CLCPII (4 Credits)	4 Weeks	May 25 - Jun 19	6000 RMB
SIP (7-8 credits)	5 Weeks	Jun 8 -Jul 10	6000 RMB
	7 Weeks	Jun 8 -Jul 24	7000 RMB
ETP (2 credits)	2 Weeks	Jun 8- Jul 22	3000 RMB

Accommodation

Students Dormitory, 50 RMB/Day/pp 2 share a room, WiFi, Hot Shower, Washing Machine, Air Condition.

Outside of campus, Approx. 260 RMB/Day/Standard Room (Jinjiang Hotel)

Module costs include tuition, travel to historical and cultural sites and innovation expenses. Students are responsible for their own meals and personal expenses. The exchange rate is approximately 6.1 RMB to the USD and 7.9 RMB to the Euro.

*** Payment Method: Pay full cash in RMB when you arrive.**

About NUAA

A Prestige in China's Education Sector

Nanjing University of Aeronautics and Astronautics (NUAA) is one of China's premier learning and research institutions. NUAA has developed into a very comprehensive, research-based university that excels in many aspects of engineering (particularly in Aeronautics, Astronautics, and Mechanical Engineering), sciences, economics and management, arts and literature, and many others.

Nanjing City

Modern and Epic, Densely Mixed

- *The 600-year-old city wall of Nanjing is the world's longest city wall.*
- *With respect to the number of universities, Nanjing ranks third in China, just after Beijing and Shanghai.*
- *Shopping malls, museums and mausoleums, parks, traditional snack shops, western restaurant & bar, university complexes, etc.*
- *1 hour to Shanghai on high speed train.*
- *Nanjing is one of the biggest and safest city to live in China.*
