## Amgen Scholars Program 2017

An Undergraduate Summer Research Program in Science and Biotechnology

**Program Dates: 30 June – 24 August, 2017**

Undergraduate participants benefit from undertaking a research project under top faculty, being part of a cohort-based experience of seminars and networking events, and taking part in Japan Symposium where they meet their peers, learn about biotechnology, and hear from leading scientists. Travel cost and accommodation will be covered by the program.

*Submit an Online Application - Open November*
